

Make a difference while cleaning out your closet!

Please donate any luggage, backpacks, or bags that you no longer use so that we can put them to good use. The items donated will be sanitized, conditioned, and shipped to kids in need.

Most of the time, foster kids don't have any luggage, and they get 10 minutes and a trash bag to pack up their whole lives. At the **Pack with Love** initiative, we want to change this situation to make their trips between homes more pleasant.

Send us a text or give us a call to schedule the pick-up.
